

Greeters:

- Arrive at church by 9:10
- Bulletin will either be on the table by the front door or will arrive with the Chione family
- Distribute bulletins to all adults and teens upon their arrival at church .
- Greet all visitors in Christian love and invite them to participate in fellowship following the worship service (including the fellowship meals on the first Sunday or the month)
- Ask first time visitors to fill out the card that is in the pocket in front of their seats and to put it in the offering basket
- Introduce visitors to members of the session, if they are available
- Be prepared to explain our statement of purpose (as found in the bulletin) to those who inquire
- Show visitors where the restrooms are and the nursery (if needed). There are now 2 areas for children. The room immediately off of the Narthex is the child training room where a parent can sit with his/her child and watch the service on the tv screen. This room is supposed to be fairly quiet. The second area is across the hallway where the 2 and 3-year old class is held. A nursery worker will be in that room to supervise the children during free play.
